#### **Programme / Unit: Quality and Safety**

### **Specific Objectives**

- 1. To facilitate all healthcare institutions towards quality and safety improvement through a process of consultation
- 2. To develop policy guidelines towards improving quality and safety in healthcare
- 3. To facilitate the setting up of standards in clinical care practice and management of hospitals towards quality and safety
- 4. To enhance the knowledge of health care personnel through continuous capacity building programmes
- 5. To establish a Monitoring and Evaluation mechanism to assess the level of quality and safety in healthcare institutions
- 6. To carry out research on quality and safety in healthcare
- 7. To promote quality and safety in all health care institutions
- 8. To network with national and international organization to improve quality and safety in healthcare institutions

1	Strengthen the National Quality Secretariat (QS) and ensure networking with provincial/district Quality Units	To organize the D / HQS head office with human resource, equipment and furniture	2013	Functioning D / Healthcare Quality & Safety	By end of 2013	Sec / H DGHS DDG (P) DDG(MS)I	2	
2	Establish a Committee for Quality Improvement and Safety	Establishment of an Advisory Committee	2013	Availability of a functioning Advisory Committee	By end of 2013	Sec/H DGHS DDG(P)		
		Ensure advisory committee meetings are held quarterly	2013-2017	Having advisory meetings every year	Having at least 3 meetings/y	DGHS	0.02 / year	
3	Improve infrastructure facilities of quality	Provide necessary furniture and other equipment	2014-2015			DDG(MS I) DDG/F I	5 / year	
	secretariat	Establishing District Health Quality improvements unit	2014-2016	Eastablishing districts health quality units by 2016		DDG/MS I PDHS		

	C++	A	Time	Indicato	ors	Responsible	Estimated	Potential
