Subject: From Korea(Sungkyunkwan University)

Dear Dr. Sunil de Alwis,

I hope this email finds you well.

I am Changbo Noh, who is in charge of the healthcare planning team at Kangbuk Samsung Hospital, Korea.

(I moved from Inje University to Sungkyunkwan University last year)

I am writing to request your cooperation for candidate recruitment of GKS(Global Korea Scholarship) with your local network.

First of all, I would like to express my endless respect for your devotion to promoting the development of bilateral relations.

I am sure that you already know this, Kangbuk Samsung hospital has been conducting a 7-year ODA project with the University of Sri Jayewardenepura from April 2020, in order to establish a Department of Immunology and Molecular Medicine.

- o Project name: Science and technology research and innovation project through the establishment of the Department of Immunology and Molecular Medicine at Sri Jayewardenepura University and the operation of a creative research program for middle and high school students
- o Project period: April 1, 2020, ~ March 31, 2027 (7 years)
- o Host institution: Sungkyunkwan University / Kangbuk Samsung Hospital
- o Project Manager: Professor Jaeheon Kang (College of Medicine SKKU/ Kangbuk Samsung Hospital)

We are currently, despite the special situation of COVID-19, carrying out smoothly the second year of the project with your great guidance. In particular, Mr. Kamindu, a GKS(Global Korea Scholarship) student selected with your great support, is on a Korean language course in Korea.

Now that **2 GKS students** are assigned to our project by Korean MoE this year, we can fully support both of them, fortunately.

As you already know, GKS students can be excellent contributors to Sri Lanka after their master's / doctoral course and play an important role in the relationship between the two countries.

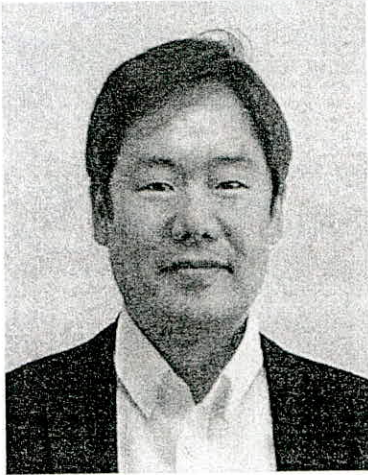

I would really appreciate it if you would support for candidate recruitment of GKS with your local network.

If you have any additional questions or information, please contact the coordinator of this project(Mr. Pyeon Hyoyoung, phy83@skku.edu).

Thank you for your time.

With best regards,

Changbo Noh
